

ONTARIO PROVINCIAL REQUIREMENTS FOR EXHIBITING ELECTRICAL EQUIPMENT AT TRADE SHOWS

The Ontario Electrical Safety Code (Ontario Regulation 10/02) is the provincial regulation that defines the minimum requirements for electrical installations and electrical products in Ontario. The Electrical Safety Authority is responsible for enforcement of the Ontario Electrical Safety Code.

Rule 2-022 of the Ontario Electrical Safety Code requires that any electrical equipment that is being displayed, offered for sale, or used in any show/convention/or similar exhibition SHALL BE APPROVED. At Trade or Consumer shows, unapproved electrical equipment will only be permitted to be displayed (not energized) when the Electrical Safety Authority gives permission through the Permission to Show. Failure to comply with the Ontario Electrical Safety Code could result in charges under the Electricity Act

Electrical equipment is considered approved if it bears the certification mark or Field Evaluation label of an organization that has been accredited by the Standards Council of Canada to approve electrical equipment. If these markings are missing, the equipment is considered to be unapproved. Bulletin 2-7-*22 (*indicates latest version) shows all approved certification marks or Field Evaluation markings accepted in Ontario. Since markings are updated regularly visit our web site at www.esasafe.com (electrical product safety section) for a current listing.

Note - Electrical equipment shall be approved as an assembled unit. The exhibitor is expected to make every reasonable effort to have electrical equipment approved prior to the show.

Permission to Show:

Exhibitors with unapproved electrical equipment that wish to display but not to connect or provide electricity to the equipment, must complete the application for Permission to Show and pay the fee indicated for unapproved electrical equipment that will be displayed but not energized. Exhibitors will be provided with a sales receipt which must be available to inspectors on show site at all times.

The “Permission to show” application does not permit the connection/energization of unapproved electrical equipment.

Permission to Energize – Trade Shows only:

Exhibitors that wish to connect and energize (provide electricity to) unapproved electrical equipment, must complete the application for Permission to Energize and pay the Permission to Energize fee indicated for each piece of unapproved electrical equipment. Exhibitors are not required to complete the application for Permission to Show for the same piece of equipment. The following conditions apply:

1. If no imminent hazards are present, ESA will permit the equipment to be energized “for demonstration purposes only”.
2. A sign/notice will be affixed to the equipment (prominently displayed) indicating “This equipment is not approved for sale in Ontario and is “Energized for demonstration purposes only”. Our ESA Inspectors will provide exhibitors with this notice.
3. The permission to energize is only valid for the duration of the show, and cannot be carried forward or extended for subsequent shows in other cities.
4. The “Permission to Energize” notification allows the equipment to be wired to an available junction box or disconnect as provided by the on-site electrical contractor.
5. Permission to Energize is available for Trade shows only, **not** Consumer shows.

APPLICATION FOR PERMISSION TO SHOW

This application does not permit the connection/energization of unapproved electrical equipment

Please send your completed Application form, together with payment information to:

Fax: 1 (800) 667-4278
Email: esa.cambridge@electricalsafety.on.ca

Mail to: Electrical Safety Authority
400 Sheldon Drive, Unit 1
Cambridge, Ontario N1T 2H9
